Dear Sir

Thru Mrs Maude D Jones I am

advised that you can help the Indians who are unable to help themselves under the present system, so I am appealing to you for assistance. I have quite an amount of money <sup>and</sup> I am in poor health <sup>and</sup> do not expect to live a great while <sup>and</sup> would like to have the res. <sup>and</sup> benefit of my money now instead of leaving a large sum to be dissipated after I am gone. I have asked for an exchange of Cars. I want the best I can buy <sup>and</sup> I have been denied this - Can any thing be done about it? I make application for what I desire but can have only what the Agent wants me to have <sup>and</sup> our tastes are not alike - Please advise me <sup>and</sup> I will appreciate it
